DESCRIPTION

673BK is a solvent cement designed specifically for use in joining all types of ABS (Acrylonitrile-Butadiene-Styrene) pipe and fittings with interference fit thru 8" diameter. It is fast acting, high strength and has an excellent shelf life of one year or more. 673BK meets 'LOW-VOC' requirements, as outlined by SCAQMD 1168/316A.

APPLICATION

673BK applications include DWV (Drain, Waste and Vent), sewer, conduit. Do not use a primer on ABS.
673BK is manufactured to the high standard of ASTM D 2235 to ensure a quality product. A sample is kept from each batch to verify the quality of LSP cements.
Follow the directions on can label. Additional information is available upon request. Skill and knowledge on the part of the user is required to make a good quality joint.

SAFETY PRECAUTIONS

EXTREMELY FLAMMABLE. Do not use or store near heat, sparks or flame. Use only in well ventilated area. Keep container closed when not is use. Avoid prolonged breathing of vapor. Avoid contact with skin and eyes. In case of skin or eye contact, flush repeatedly with water. Get medical attention if irritation persists. If swallowed, drink water, do NOT induce vomiting and call a physician. Keep out of reach of children.
