

CONDENSATE FUNNEL

Newly designed condensate funnel, with built in air gap. Left-justified condensate knockouts for 3/4" and 1" IPS piping, is made of polystyrene.

*Using the funnel results in a minimum of 1" air gap from bottom of condensate drain pipe.

*The funnel's outlet is tapered to ensure "Snug Fit" to the inside of a 2" drain pipe.

ABS to PVC transition cement can be utilized when installing the funnel into 2" drain pipe.

* Image shows Firestop™ Dual Drain Washing Machine Outlet Box Installed with Condensate Funnel.
